Pete, can I call you in a few minutes? It'll be quick. Thanks.

Dear Holly:

I believe all will be good. Enjoy your event and the company.

Pete

Hi Pete, no need for a call. I'll just proceed as you wish and will write the BE as quickly as possible to send to FWS for concurrence on our NLAA finding for ND's revised aquatic life criteria.

I will be away from the office (to prep for charity event and massive amounts of company) beginning the afternoon of 8/24 through 8/30 and will continue writing with a vengeance beginning 8/31.

Thanks,
Holly

Dear Holly:

Karl is at the other building (we are moving). Will try and get him rounded up and call you today.

Note that the NDDEQ is requesting the standards be approved as a whole including mercury. The 304(a) list is good science and adopted it follows the law.

Pete
